Pardis Basirijahromi

Associate Product Manager

Based in Italy · Relocating to Germany · +39 379 3145066

pardis.basirii@gmail.com · *linkedin.com/in/pardis-basiri/* · *Portfolio: https://pardisbasiri.github.io/*

Associate Product Manager with 2 years of experience across healthcare, telecom, and manufacturing, gained alongside my studies. With a background in Computer Engineering and a double Master's in Digital Innovation and Human-Computer Interaction & Design, I connect the dots between business, technology, and design.

EXPERIENCE

Associate Product Manager & Digital Strategist | PAMA S.p.A · *Hybrid · Italy* — *Sep 2025 – Sep 2026*

- Redesigned how troubleshooting requests reach the right contact point, by mapping every step from the customer's first call to the start of troubleshooting, projected to make troubleshooting start 28% faster.
- Reshaped the company's digital product discovery, running 5 workshops with 6 managers from Sales, R&D, Service and Technical teams so ideas start from customer problems, not just technology possibilities.
- Defined what data the R&D team needs to collect to set prices and measure success for a new customer service platform; the team accepted the plan and began implementing it.

Product Analyst | Trauma Center, Emtyaz Hospital · *Remote · Iran* — *Aug 2023 – Jul 2024*

- Built a model predicting which trauma patients are at highest risk of death, identifying critical patients 18% more accurately than the scoring system staff used.
- Compared regression, decision tree, neural network and stacked ensemble models, selecting stepwise logistic regression for clinical interpretability and performance to support clinical decisions

Associate Product Owner | Delinternet Telecom · *Remote · Spain* — *Mar 2023 – Aug 2023*

- Improved billing and service experience by turning users pain points into clear tasks for the development team, contributing to 4% churn rate reduction within 3 months.
- Defined a new inventory module for the in house CRM through competitor research, operations interviews, MVP feature selection and roadmapping, contributing to its pilot launch.

EDUCATION

Master's in Human-Computer Interaction & Design | University of Trento — *Sep 2025 – Mar 2026*

Master's in Digital Innovation | Universidad Politécnica de Madrid — *Sep 2024 – Jul 2025*

Bachelor's in Computer Engineering | Shiraz University — *Sep 2020 – Jul 2024*

SKILLS

Product Management	Product discovery, roadmap, backlog management, user stories, Agile & Scrum Jira, Confluence, Claude
UX Design & User Research	Usability testing, user interviews, prototyping, A/B testing, UI variations testing Figma, Maze, Miro, Hotjar, Midjourney
Data Analytics	Funnel analysis, KPI tracking, user feedback analysis, predictive modelling Python, SQL, Tableau, Amplitude, SPSS
Technical Fluency	System design, integration flows, requirements engineering, workflow automation REST APIs, Postman, JavaScript, React, Cursor
Business & Strategy	Stakeholder management, business case development, OKRs, value proposition, GTM Notion, Chatgpt, Claude, ChatGPT, Perplexity, Pitchbook, Excel
Languages	Persian (Native), English (C1), Spanish (A2), Italian (A2), German (A1)
